Discussion Questions:

What would people close to you say that you are passionate about?

What spoke to you most from reading chapter 26 or from listening to the teaching?

How could you improve upon your pursuit of the will of God through prayer? Is there a hardship you are facing that the Father's will could guide you through?

How could you improve upon your pursuit of obedience to Biblical commands? Is there a specific command that God is calling you to obey? If so, what is it?

How could the Day of the Lord be an encouragement in circumstances of hardship? Does the return of Jesus excite you or scare you? What do you want to be doing when he returns?

Pray that God would stir your passion for his kingdom moving you to follow more faithfully in the footsteps of Jesus our King.
