

## Jesus and Martha Puppets

### Supplies

- copies of the Jesus and Martha puppets (1 per child)
- crayons or washable markers
- scissors
- paper lunch bags (2 per child)
- glue or glue sticks

### Directions

Help children color and cut out the Jesus and Martha puppets by cutting around the outside edge and also through the mouth areas as indicated. Help children attach each puppet to a paper lunch bag as shown in the example (glue the top of the face above the fold and the bottom of the face below the fold so that the puppets' mouths open and close). Children can use the puppets to retell the story of Mary and Martha following Jesus from the perspective of either Jesus or Martha. Encourage children to use their imaginations as they play each part.
